

October 2007

Dear North Shore Fellowship,

Why are we here? We are a church longing to **enjoy** and **embody** Jesus Christ in the North Shore area, Chattanooga, and the world. How will we live out this mission? Fellowship—**participating together in the gospel**.

Our group facilitators, overseers, and staff are trying to help everyone get connected into fellowship with one another. Many of our new groups launched this past Sunday night. Some are launching this week. In some instances, we are waiting on people we have asked to serve to accept responsibility to facilitate groups. So I ask for your patience where groups are slower to launch or if you have expressed desire for being involved but have been missed. *Please know you matter to us!*

Each area of town has an overseer—most of whom are elders, one is a deacon, and one is a member pressed into service out of great need in his area. Each overseer has responsibility to identify group facilitators, ensure everyone is connected to these groups, give direction to group facilitators, and visit groups regularly. Each overseer has a member of the pastoral staff who gives direction and help in this overseeing role. *Please help us by contacting the overseers over your area of town if you are not yet connected into a **Fellowship Group** but desire to be.*

The overseers of fellowship groups are listed under the pastoral staff responsible for helping them.
